

# **The 7000 RPM Leadership Engine™ Framework**

## **Purpose**

The Leadership Engine™ illustrates how sustainable leadership influence is generated internally before it is expressed externally.

## **Core Components**

### **Responsibility**

Leadership begins with ownership. Without responsibility, influence becomes unstable.

### **Purpose**

Purpose provides direction and clarity. It aligns leadership actions with mission.

### **Mission**

Mission translates purpose into measurable action.

### **Relationships**

Healthy leadership relationships sustain organizational unity.

### **Momentum**

When the engine components rotate together, leadership momentum develops.

### **Outcome**

Aligned leadership generates stability, cultural strength, and enduring influence.
